**INFORMATION DISCLOSURE STATEMENT**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 C.F.R. § 1.56, submitted herewith is an Official Communication issued in a corresponding Korean Patent Application. For the Examiner's convenience, we have enclosed an English translation of the Korean Official Communication from the corresponding Korean Patent Application and a completed Form PTO-1449. Applicants have had this translation prepared by a professional translation service and applicants presently have no reason to doubt that the translation is accurate. However, Applicants have not independently verified the accuracy of such translation, and accordingly, submission of the same should not be taken as a binding admission by Applicants that the translation is accurate.

U.S. Serial No. 10/699,460  
October 19, 2005

Applicants cite Reference No. 1 (U.S. 6,858,480) on the attached PTO Form 1449, because it is the U.S. equivalent of Korean Patent Application Laid-Open Publication No. 2002-61544 which is cited in the attached English translation of the Official Communication.

Although the English translation of the Official Communication cites two (2) additional references (JP 9-107100 and KR 2002-81110), Applicants do not include a copy of the two references herewith as JP 9-107100 is the Japanese equivalent of KR 2002-81110 and, as the U.S. equivalent (U.S. 5,915,174) of JP 9-107100 and KR 2002-81110 was previously submitted in an IDS filed on November 3, 2003 and was cited by the Examiner in an Office Action dated May 4, 2005.

Applicants are not submitting a copy of the U.S. reference as it is no longer a U.S. Patent Office requirement.

The statement is not a representation that all of the information cited is necessarily effective as prior art against the application.

I hereby state that each item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than 3 months prior to the filing of this statement, and that this is the first citation of these prior art references by a foreign patent office in a counterpart foreign patent application. Accordingly, no fee is necessary for the filing of this statement. Should the Commissioner determine otherwise, the Commissioner is authorized to charge Deposit Account No. 50-1353 for any fee shortages, including the petition fee under 37 C.F.R. § 1.17(p).

Applicants respectfully request that the cited reference be made of record in the subject application.
